

Sprint 2 (ver 36) Release Notes - April 2012

- As a Competition Administrator, I want to submit nett score scorecards, from the timesheet using the "Enter" key
 - As a Leaderboard viewer, I want the web page to load correctly when viewing a leaderboard
 - As a Guest User, I want to view leaderboards without having to login to the site
 - As a MiTournament User, I want the forgot password process to be simplified to make it less frustrating and less error prone
 - As a MiTournament user I want to be able to update my username
 - As a Competition Administrator User, I want to find out information on how Gross prize preferences affect the way prizes are allocated
 - As Booking Administrator, I want the booking report by member to include public registered players
 - As a Kiosk User, I want to submit scorecards played on courses with no stroke index's setup
 - As a MiTournament User, I want to easily access all current Leaderboards so that finding in progress tournament scores is quicker
 - As a Lesson Coach User, I want only my role to manage the lesson diary
 - As a Mobile User, I want pages that contain special character's in members name to display correctly
-
- As a Competition Admin, I want to click the back button in the prize allocation page without receiving a red screen
 - as admin, I want to be able to scroll the list of competition templates in the edit booking template list
 - as admin, I want to be able to redeem comp prizes for visitors
 - mitournament leaderboard thru column display F not zero for finished rounds
 - As a user I want to pay for tournament registration using the PayPal API
 - As a MiTournament User, I want the username login input box to be more user friendly
